Bonding Procedures and Policies

Individuals in Custody incarcerated overnight or longer.

After the individual in custody's name is recorded in the database, it should take approximately 20 minutes for the record's clerk to prepare individual in custody folder for bonding. This time frame is based on the conditions that the individual in custody is NOT in court that day and/or does not have a hold from another agency that requires additional information from the agency and a reply is needed. In those instances more time will be needed. The time needed depends on when the individual in custody returns from court and/or when the needed information is received from the other agency.

New individual in custody

Individuals in Custody coming to the department after being arrested and attending bond court must be processed into the department before bond is posted. The time frame before bond is posted will depend on when the person is brought from court to the CCDOC and processed.
