My name is Jan Karpel and I am a Court Researcher for Animal Victory and In Defense of Animals. Both national organizations track cruelty cases to animals across the United States and Canada.

I am currently tracking the case of Defendant: Justin Shadwell; Case #: 2025CF1531. Mr. Shadwell was charged with a Level 10 Criminal Felony for the strangulation and blowtorching of a cat.

I am requesting a copy of the Judgement and Sentencing Document. Please advise requirements for this request.

Thank you!

Jan
